PRESS RELEASE

Gamma Research celebrate 25 years in business

Oranjestad Aruba, Gamma Research did recently celebrated 25 years in business of providing top level software solutions and services for all sized companies in the Caribbean, the United States and Surinam.

In a pleasant setup, Gamma Research, celebrated the 25 years being in business with some of its longest and largest clients. Enjoying some nice live music, snacks and drinks, the clients and staff of Gamma Research could chat about the early years of Gamma all the way to where they are today: industry leader in the development of state-of-the-art software systems in the Caribbean and known for quality, innovativeness and superb customer service.

During a nice speech, Koos Veel, managing director and founder of Gamma Research, revealed the new logo of Gamma Research and the new name which will be used from now on: Gamma IT Solutions. Also the website www.gammaresearch.com has been completely renewed. He also took the opportunity to thank all guests for the years of confidence in our products and services because without them, Gamma Research could have never done this.
